DETAILED ACTION

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 11-13 and 15 are again rejected under 35 U.S.C. 103(a) as being unpatentable over Borgstron et al in view of Ariens.

Applicant discusses Testa and Trager and argues that Ariens' position had not been accepted in the general state of the art at the time the application was filed. This is not persuasive. In view of Ariens' teaching that the inactive enantiomer may be responsible for undesirable side effects, in the absence of a showing of unobviousness it would be obvious to one of ordinary skill in the art to use the R-terbutaline enantiomer in amount greater than 98% for the treatment of inflammatory or obstructive airways disease, to avoid, ameliorate or restrict the occurrence of deleterious side effects caused by the S-enantiomer.

In view of claim 14 having been canceled, the Koshino reference is no longer applied.

Action Is Final

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1614

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
